WELCOMING MESSAGE

Welcome to the **Port Perry Lawn Bowling Club's** website. Our Club has a long and storied history and had a vibrant year last year with great conditions of our greens plus an eager and sociable membership.

Every year the Club starts the season with a giant **Yard and Bake Sale**. Last year was very successful, selling many of the donated materials from the community. Everyone is encouraged to drop by on **Saturday, May 2** for this sale, plus the Club will be holding a **'Give it Try'** demo session on the greens for anyone that would like to try bowling, learn a bit about the game to become a member.

The Club will also be holding **Open Houses** in the following weeks to promote and encourage new players to try out the sport.

The season of regular bowling on Tuesday and Thursday nights starts on **May 5**. There will also be practice bowling and coaching times on Saturday and Wednesday mornings. Coaching clinics will be available for sign-up in the first weeks of May. The club will also be promoting a **'Buddy System'** for new and novice players to be paired with a more experienced player to guide them on techniques, rules and etiquette, through the first few weeks.

The Club will be holding five of our fun themed Jitneys through the year, plus a couple of club tournaments.

Two invitational tournaments are scheduled – **Ladies Triples – July 10 and Mixed Triples - August 5**. Information is posted on the 'Up and Coming' web page.

This is your invitation to discover and join the PP Lawn Bowling Club. Bowling is a social game that combines strategy, and competition, as a fun, low stress activity. All ages are invited to join. The equipment (bowls) is free, the dress is casual and after bowling there will be tea/coffee and cookies.
